Objective: Worldwide humanitarian appeal for sponsors, donors and volunteers

Dear Mrs. Cali T. Rossen

Thank you for accepting to support our vision - SAVE THE CHILDREN OF TIBET. We are greatly honoured that you have accepted to take on the role as Ambassador of the project *Children of Tibet: the Sera Mey Pobhor Khamtsen Construction* to help children refugees exiled in India have a better life.

We are currently seeking for donations and support in organizing a charity event with various artists/celebrities or any other alternatives to raise funds for this project. All contributions are welcomed; however our current appeal is to find inspired individuals who will be sponsors in leading the fundraising component of the project.

This humanitarian project was officially launched in 2009, when His Holiness the 14th Dalai Lama donated 3 acres of land to build living facilities for underprivileged children and orphans.

The primary objective of the project is to inspire a worldwide effort in bringing together a network of sponsors, donors and volunteers to raise \$1.8M US to fund the construction of a residential facility which will house more than 200 refugee and orphan children. The goal is to complete the construction of the project by December 2014. Currently the college does not have its own residential facilities and its members must sleep in overcrowded rooms. The new facilities will include living quarters as well as kitchens, washrooms, classrooms, libraries and other essential living amenities.

One hundred percent of the funds already raised (\$ 660 000 US) have been invested directly in the project construction. The commitment to continue to directly invest the totality of the funds raised to the cause is a core value for the project leaders. Thus far, all the labor and work performed on this project have been done by volunteers, ensuring that the entire amount of funds raised is used for building materials, equipment and appliances.

This project is under the lead of a **registered non-profit organization** with a registered charity number in both the United States and Canada, therefore **tax receipts** will be issued for all donations upon request.

We will be sending you an official invitation to the Grand Opening Ceremony in the presence of His Holiness the Dalai Lama in India once the project is completed.

Sera Mey Khensur Rinpoche, Lobsang Jamyang
